God has much for us, if we would put

Jesus said to the people of Jerusalem

Under his wings is a good place to be.
We must choose to stay there.

Just as you would protect the pupil of
your eye, David is asking God to
protect him.

Wings give protection.

Just as a bird opens its wings to protect
its babies from the rain and storm, so
God protects us.

Wings give shade and comfort.

God gives us comfort and rest from
the things that trouble us.

Wings carry the young eagles as they
learn to fly.

So God lifts us and carries us as we
learn the lessons of life, or have sorrow.

To have God's protection, we must
stay under his wings.

If we go our own way,
Do our own thing,

If we run ahead of God,
If we will not follow where he leads,

We can get out from under his wings.
We will be out of his protection.

It is important to stay with God, even
if bad things happen to you, it is still
better with God than on your own
without him.
