Promises From the Bible

Fear not; for I am with you.
Do not lose courage; for I am your God.
I will give you strength. I will help you.
I will hold you with the right hand of my righteousness.

Isaiah 41:10

You can feel safe in God. You can not keep doing sin and expect God to help you, but you can ask Him to help you stop doing sin.
If you are obeying God, He will be with you and help you in every way. He will lead you by His own hand.

Promises From the Bible

My times are in your hand:

Psalms 31:15

It is hard to wait for God's timing to help us.
We want things to happen now. We do not like to wait. When we have to wait, we begin to think that God did not hear us, or God does not want to give us that thing, or that we do not please God and that is why he is not answering.
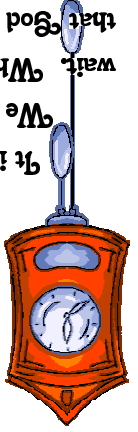

It may be that it is just not God's time for that thing to happen. God has a plan for our lives. He has a way in which he will work it out, and he has a time in which it will happen.

Do not become discouraged. Do not give up your faith. God's time for the things in your life will be the best, if you let him decide.

Promises From the Bible

When the enemy comes in like a flood, the Spirit of the Lord will raise up the flag for battle, and will drive him far away. Isaiah 59:19

The enemy can be Satan trying to bring trouble against us. It could be people trying to bring trouble. When things come into our life like a flood and we feel like we are about to go under——God will go to work for us. God will fight for us. We can depend on Him to work things out for us.

Promises From the Bible

As long as he sought the Lord, God made him to prosper.

I Chronicles 26:5

This verse was written about a king over Israel. As long as the king put God first in his life and honored God-——God helped him and made him successful. But then the king became proud and thought his success was because of his own power and ideas. God did not help him anymore and things began to turn bad and fail.
God will help us if we honor him and give him the glory.
