

As humans, we are weak and sometimes sin after Jesus has washed us. We need to ask for forgiveness quickly. But we need to be true to trying to do the right thing.

The Holy Spirit wants to help us be strong. He wants us to learn to ask Him for strength and learn to depend on Him and listen to Him. He will speak to our hearts and minds and help us do right.

Stay clean because you are going somewhere special! You are going to heaven, and you need to stay clean.

You need to make a decision to stay clean. You need to be careful in what you watch, see, do, say. Keep your mind, body, and spirit clean.

Be careful where you go. Pick your friends carefully.

There are many temptations to do wrong. But you need to stay "clean". God said He will give the crown of life to those who "endure" to the end. To those we "overcome". That means we stay "clean" until we get to heaven. Stay faithful.

Those who stay "clean" and stay with Jesus to the end---will have eternal life. If you give up and go back into sinful living----you will not be clean and ready for heaven.

Children get dirty

Parents get them cleaned up

Then the parents say: Don't get dirty! Stay clean! We are going away.

Our hearts get dirty because we sin

Jesus' blood washes our heart and makes it clean

Jesus says: Don't get dirty!

Stay clean!
